

Prestagarðurin í Ónagerði
The Vicarage of Viðareiði

30. september 2022

Bárður í Baianstovu
Journalnr. 4247-01

COMPLETION CERTIFICATE

The retrofitting and energy optimizing of the vicarage in Viðareiði has completed. The project began in 2018 and was initiated by the Diocesan Authorities of the Faroe Islands as owners of the building. Work on the building was completed by the end of 2019 with the occupants returning in December of that year.

The building's energy consumption, indoor climate, heat loss, etc. has been monitored since summer 2019. The planned monitoring is in principle over; but continues to a smaller extent.

Sincerely,

Bárður í Baianstovu
Architect and Project manager
